So, is that a correction of a correccion?

Tito -

A total of nine locations were sampled during week #4 (2/13/12 - 2/15/12). Four additional locations were sampled during week #5 (3/5/12 - 3/8/12).

With the shorter list of sampling locations we were able to finalize the data for week #4 earlier than anticipated.

We are still working to finalize week #5. I am hoping that we will be able to have week #5 finalized next week.

Thanks - Kelley

Oh, wow ! I may have misunderstood, but following the Dimock Sr. Manager call this afternoon I was anticipating that we would be receiving the 4th week of sampling results sometime next week.

We'll jump into reviewing these right away.

Correction - actually just forwarded the **Week #4** data. Sorry for any confusion.

Please contact me via e-mail or on my cell (267-273-8859) with any questions.

Thanks - Kelley

Subject: Dimock Residential Ground Water Sampling - Week #3 Toxicologist Reports and related DRAFT Residential Data Reports

Attached please find PDFs of the Toxicologist Reports and Draft Residential Data Reports for the 9 locations sampled during Week #4 (2/13/12 - 2/15/12).

While the data has been validated and is considered final, the reports are considered DRAFT until our review is completed.

Ex. 5 - Deliberative

The "tox" reports include additional information (e.g. lab qualifiers, MDLs, QLs, RLs) to assist in the tox review which is not included in the residential reports.

Ex. 5 - Deliberative

A glossary/key is included at the end of the residential data reports.

Please feel free to contact me with any questions and/or if you need additional info.

Thank you - Kelley
